Love was like a violin playing soft and low~
G D G D
In your heart you held the strings, in my heart the bow~
Em D Em D
Together we made soft sweet music, together we believed~
Em D Em D
In every day in every hour, our love was everything~

Love was like a summer breeze, after pouring rain~
G D G D
Blowing all the clouds away, bringing sun again~
Em D Em D
Together we made soft sweet music, together we believed~
Em D Em D Em E (build to chorus)
In every day in every hour, our love was everything~ everything~

G D Am E G D Am
First dance you were mine, first dance we made it

Last dance, last chance, you know I know~~ you were wrong~~
Am E G D A
You know~~ you were wrong~ you know for every feeling there's a song~~

You were like a mountain stream, flowing fast and free~

You were like the autumn leaves blowing from my tree~

 After all the leaves had gone, you were winter snow~
 G D G D
 You were so cold and far away, I had to let you go~
