

Anyone Here In the Audience - Albert Hammond
by Bundyboy

G C
Anyone here in the audience,
G D
with a pad that I can crash in
G C
i'd really appreciate you lettin' me know,
G D G
'cause the gig is over soon

G C
Been out on the road for a couple of weeks,
G D
and we didn't take much cash in
G C
it's rainin' outside and to tell you the truth,
G D G
i've been locked out of my room

G C G
do you care, do you pity the poor musician
G C D
don't you know, what it's like out on the road
G C G
don't you think, don't you think I'm always wishin'
G D C G
that someone would stand up and offer a hand up and, take me home--

G C
anyone here in the audience,
G D
who can make a dish to fill me
G C
i'd really appreciate you lettin' me know,
G D G
I haven't eaten all day long

G C
been out on the road for a couple of weeks,
G D
the greasy food is killin' me
G C
i'm hungry and tired and to tell you the truth
G D G
my will to play is gone

G C G
do you care, do you pity the poor musician
G C D
don't you know, what it's like out on the road
G C G
don't you think, don't you think I'm always wishin'
G D C G
that someone would stand up and offer a hand up and, take me home--

G C
anyone here in the audience,
G D
with a heart that I can cling to
G C
i'd really appreciate you lettin' me know,
G D G
if you've got some love to spare

G C
been out on the road for a number of weeks,
G D
and found no one to sing to
G C
and I just want to know, yes I just want to know
G D G
is there anyone there

G C G
do you care, do you pity the poor musician
G C D
don't you know, what it's like out on the road
G C G
don't you think, don't you think I'm always wishin'
G D C G
that someone would stand up and offer a hand up and, take me home--
