It’s Only Love - Ariel
by Bundyboy (my approximation of a great song)

G Am D G G

G Am D G
Sun sets in the evenin’, like a stone in a wishing well
G Am D G
I hear the birds callin’ on the wind softly, like a chinese temple bell,
now
Am D
it’s only love (it’s only love)
Am D G G
it’s only love (it’s only love), that makes it well

G Am D G
man wakes in the mornin’, and tells a woman he’s got to go
G Am D G
in her eyes he sees some kinda feelin' what it is he don’t exactly know
Am D
it’s only love (it’s only love)
Am D G G
it’s only love (it’s only love), that makes it so

A Em A D
funny how, people need love,and spend their lives just runnin’ away
A Em
we hide ourselves in our little shells, but you
A D C G
have to stop runnin’ someday---ay ---ay

Am D
Now it’s only love (it’s only love)
Am D G G
it’s only love (it’s only love), that makes it so

G Am D G
not much more to this story, like a river flows on and on, it
was
G Am D G
here long before we started, and here long after we’re gone
Am D
Now it’s only love (it’s only love)
Am D
it’s only love (it’s only love),
G G
flows on and on, goes on and on---
Am D
Now it’s only love (it’s only love)
Am D
it’s only love (it’s only love),
G (end cold)
goes on and on
