    G                                     Am
I'd like to play a game that is so much fun,
         D                    G
and it's not so very hard to do.
                                       Am
the name of the game is Simple Simon Says,
             D                         G
and I would like for you to play it, too.

                       D
put your hands in the air (Simple Simon says),
                  G
shake them all about (Simple Simon says).
                   D
do it when Simon says (Simple Simon says),
                       G    C   D
and you will never be out.

G                                              Am
   Simple Simon says, put your hands on your hips,
          D                        G
with your backbone stiff, Simon says.
                                            Am
Simple Simon says, put your hands on your hips,
         D                     G
let your backbone slip, Simon says.

                        D
Put your hands on your head (Simple Simon says),
                         G
bring them down by your side (Simple Simon says).
                    D
shake them to your left (Simple Simon says),
                        G    C    D        G    C    D
now shake them to your right

G                                                    Am
 now  that you have learned to play this game with me,
        D                         G
you can see it's not so hard to do.
                                          Am
let's try it once again, this time more carefully,
      D                         G
and I hope the winner will be you.

                        D
clap your hands in the air (Simple Simon says)
                 G
do it, double ti--me (Simple Simon says).
                    D
slow it down like before (Simple Simon says),
```

```
                   G
ah, you’re looking fi--ne (Simple Simon says).

(Fade)                       D
now clap them high in the air (Simple Simon says),
              G
do it, double ti--me (Simple Simon says).
                   D
slow it down like before (Simple Simon says),
                   G
ah, you’re looking fi--ne (Simple Simon says).
