The long and winding road that leads to your door

Here comes the sun it's alright, the people shout for more
G C Em Bm
But were you trying to de-ceive, telling me--

All you need is love, to succeed

Em C G D
Lady Madonna let it be
Em C G D Em(1 strum)
Something in the way, you move, me, yesterday---
C / G D
All you need is love, so they say

G C Em D
Across the universe one after nine 'o' nine
G C Em D
I got a feeling for you blue, and I feel fine
G C Em Bm
I tried so hard to make believe, that I'd see
C / G D
All you need is love, to succeed

Em C G D
Lady Madonna let it be
Em C G D Em(1 strum)
Something in the way you move, me, yesterday---

Em C G D
Lady Madonna let it be

Something in the way you move, me,

fade & repeat from here

Em C G D
Lady Madonna let it be, let it be
Em C G D
Something in the way you move, me,
words are falling out like endless rain into a
paper cup

Em C G D
Lady Madonna let it be
there's nothing you can do that can't be done

Em C G D
Something in the way, you move, me,
I read the news today oh! boy

Em C G D
Lady Madonna let it be
